

April, 2008

Dear Family:

We would be honored to include your loved one's photograph on our tribute wall of "*Honor, Recognition and Prayer*" which is located inside the *Fellowship Mall of the Wesleyan Church of Hamburg*. This is a project that has been carefully thought out and planned by a support group of military family members who, like you, have family members or friends serving in combat. Our mission is to help our community show their respect and support to our servicemen and women as a whole.

The plan for the tribute is to display the photograph through the service member's return home. At that time, we will leave the photograph displayed for a couple months to give them an opportunity to visit the tribute as well as to continue to receive prayer for them and their family while transitioning back home.

Please fill out the attached application and mail it with a photograph to us (see attached application for details). Remember this is a special place to proudly honor that special person in your life so the best quality photo available is strongly encouraged.

If you have any questions, please contact (your name and number) *God Bless our Troops and their families!*

With Love and Support,
Project Coordinators
